

POWERED BY

HEATPAX™
 AIR ACTIVATED HEATING

Our HeatPax™ technology is designed to keep your extremities warm in cold conditions. HeatPax™ contains a mixture of ingredients that create heat when exposed to air.

HOW TO USE :

1. Open package to expose HeatPax™ to the air
2. Insert activated HeatPax™ into garment pockets
3. Garment is ready to wear! (HeatPax™ may take about 10 minutes to reach maximum heat)

 SPORT GLOVES
 Powered by HeatPax™
 Color: Black
 Size: M/L or L/XL
 Includes two HeatPax™
 Hand warmers (5550)

POWERED BY

**HYPERKEWL™ PLUS
EVAPORATIVE COOLING**

HyperKewl™ PLUS Evaporative Cooling material is a unique fabric that absorbs and slowly releases water through evaporation. When the water evaporates, a cooling effect occurs. We look at this process as "super-charging" the body's natural cooling process, thereby helping the wearer to combat heat stress.

HOW TO USE :

1. Soak in water for 1-2 minutes
2. Gently squeeze out excess water
3. Your HyperKewl™PLUS Item is ready to wear!

- 5-10 hours of cooling per soaking
- Provides cooling up to 10-15° cooler than the ambient temperature
- Machine Washable 140°F/60°C

POWERED BY

**COOLPAX™
PHASE CHANGE COOLING**

CoolPax™ is our Phase Change Material (PCM) cooling technology. It uses a non-toxic carbon-based liquid that freezes at 58°F/14°C and remains at that temperature for 2-3 hours.

HOW TO USE :

1. Simply place CoolPax™ inserts in freezer or ice water for 35/40 minutes
2. Insert activated CoolPax™ into garment pockets
3. Your CoolPax™ Item is ready to wear!

- 2-3 hours of cooling per activation
- Remains at a comfortable 58°F
- Activates in 30-40 minutes under conditions below 58°F
