TechNiche EVAPORATIVE COOLING PERSONAL HYDRATION PACK

Powered by HyperKewl™

- Hands free convenience, stay hydrated (at safe) at work or play
- 70 ounce (2 liter) fluid capacity
- Includes fluid reservoir, drinking tube, and bite valve
- Carrying unit made from HyperKewl™ cooling fabric
- Soak entire Gulpz™ like any of our evaporative cooling systems and keep your water cool for several hours
- Size: Adult
- Colors: Hi-Viz Lime

POWERED BY

HYPERKEWL™

Our unique HyperKewl™ fabric absorbs, stores and releases water within the multi-layered structure. Water is "released" through evaporation, energy is consumed, and a chill effect is created.

1. Submerge the item in water for 1-2 minutes
2. Gently squeeze out any excess water
3. Wipe dry and the garment is ready to wear

The garment will remain activated for 5-10 hours and can be re-hydrated by repeating these simple steps.
