

Product #8529

TechNiche EVAPORATIVE COOLING
DOG COAT

Powered by HyperKewl™ PLUS

- Secured at the chest and under the belly, this unique vest keeps your dog cool on hot days while running and playing
- Flexible shoulder panels allow the dog to move without restriction
- Provides 5-10 hours of cooling relief per soaking; extremely lightweight and durable
- Comfortable, quilted nylon exterior with HyperKewl™ PLUS fabric interior, waterproof nylon liner, and black poly-cotton trim
- Machine washable up to 140°F/60°C
- Sizes: XS, S, M, L, XL, XXL
- Colors: Blue, Silver

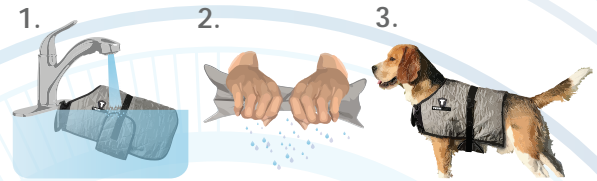

POWERED BY

HYPERKEWL™ PLUS

Our unique HyperKewl™ PLUS fabric absorbs, stores and releases water within the multi-layered structure. Water is “released” through evaporation, energy is consumed, and a chill effect is created.

HOW TO USE :

1. Submerge the item in water for 1-2 minutes
2. Gently squeeze out any excess water
3. Wipe dry and the garment is ready to wear

The garment will remain activated for 5-10 hours and can be re-hydrated by repeating these simple steps.
