POWERSPORTS BEAT THE CHILL HEATING PRODUCTS

POWERED BY

HEATPAX™

AIR ACTIVATED HEATING

Combat the cold with our Heatpax™ air-activated Warming products.

Simply open the Heatpax™ Warmer wrappers and insert them into any of our TechNiche garment pockets, a winter vest or even your footwear. Wait 10 minutes for the Heatpax™ Warmers to heat up.

POWERED BY

IONGEAR™

BATTERY POWERED HEATING

IonGear™ electric heated vests and jackets use flexible heating elements which are both rugged and removable. Our gloves use micro-wires to achieve heating functionality, making them indispensible heated gear. Both use rechargeable batteries that deliver consistent, long-lasting heating.
